# WAPP series

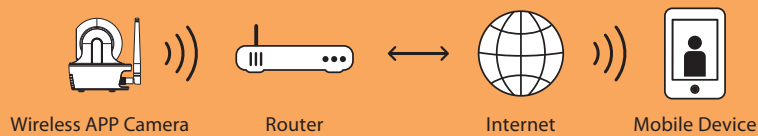

REMOTE RECORD REPLAY

Worry free for your  
House and Business.

Keep the best memory of  
your Children and Pets.

## INSTALLATION DIAGRAM

## FEATURES

### 32GB

Support up to 32GB memory card for 1760 motion triggered events and overwrite option is available for continuous recording.

Remote view anywhere via iOS or Android OS

Intelligent motion detection (Embedded Software) for effective reliability.

Support two-way audio communication. Built-in speaker and mic allows voice communication over the internet.

Pro-grade IR-Cut Switcher for true color day view color and high power IR LED for night view

Easy setup / operation via iOS or Android APP. Work independently. No PC required!

# WAPP series

## SPECIFICATION - WAPP-GI2SU-D

### Network Parameter

Wireless Technology	IEEE 802.11 b/g/n
Network Connection	Ethernet (10/100 Base T/Base-TX); Wifi
Network Protocols	TCP/IP, UDP, SMTP, NTP, DHCP, ARP
Authentication	DID / Password
Simultaneous Viewers	3 concurrent sessions
Security	WEP/WPA/WPA2 (TKIP, 128 bit AES)

### Camera Parameter

Image Sensor	Mega pixel CMOS
Antenna	3dBi Dipole
Housing	Plastic
Environment Rating (Ingress)	Indoor
Camera Environment	Indoor (50Hz & 60Hz)
Storage Memory	Support Micro memory card, max 32GB
Viewing Angle	H:75°±3°, V:45°±3°
Focal Length	2.8mm±5%mm
Pan/Tilt Angle	Pan: 270° Tilt: 90°
Min. Illumination	1~8 lux
Number of LEDs	5 IR LEDs with IR switcher
IR Distance	5 meters

### Video/Audio Parameter

Image Compression	H.264
Image Resolution	HD 1280 x 720
Audio Compression	PCM
Display Frame Rate	Live View=25fps@VGA/10fps@HD; Downloaded File=20fps@HD
Recording Frame Rate	720p 20fps max
Recording Mode	Motion Detection Recording, Manual Recording
Recording Period	1 minute per motion-triggered event
Motion Sensitivity	User Adjustable

### Supported Mobile Internet Device

iOS requirement	iPhone 4S / iPad Mini / iPad 2 with iOS 7.0 or above
Android requirement	Android 4.1X or above
Hardware requirement	1.5GHz dual core or above 1GB internal memory or above

### General Parameter

Power Requirements	100~240V switching power supply DC 5V 1.5A
Operating Temperature	-10°~+50° C
Storage Temperature	-20°~+60° C
Operating Humidity	20~90 RH (none-condensing)
Package Contents	APP Cam x 1 Antenna x 1 Power supply x 1 Ethernet Cable x 1 Bracket x 1 (optional) Quick User Guide x 1

\* The contents may subject to changes without notice.
